Progress

OUR MISSION

Progress is a dependable line of disposable essentials, for household, retail, and commercial use. Our goods are designed for the optimal end user experience, whether that be for personal home use or for professional settings like offices, schools, daycares, hospitals, restaurants, or anywhere else. We pride ourselves on creating innovative solutions to meet our customer's unique needs. Progress products are easy to use, mindful, and innovative – making progression a way of life.

PRIVATE LABEL

We understand that your brand is your business. Adapting your product for wholesale or retail requires attention to detail and experience. Our private label expertise has been trusted for years by Fortune 500 companies and small businesses alike. We currently serve over 3500 locations throughout the US and are always welcoming new customers. We will go to great lengths to help make your vision a reality, from maintaining the integrity of your brand through rigorous quality control or taking care of third-party industry certifications and packaging design. For private label inquiries, please reach out by email at info@truechoicepack.com

COMMERCIAL APPLICATION

In addition to the retail-ready products showcased in this catalog, we offer all of these products and more for wholesale, foodservice, and commercial applications. To help us understand your specific needs, please reach out to us at info@truechoicepack.com

PROGRESS

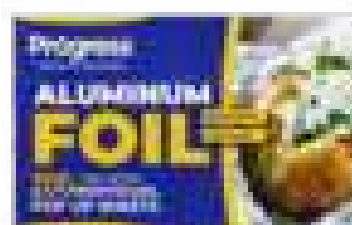

ALUMINUM FOIL

HOUSEHOLD ESSENTIALS

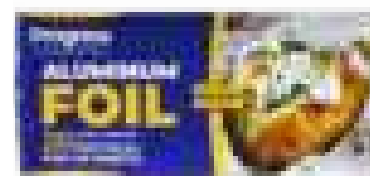

Progress Aluminum Foil products are made of 100% aluminum and are perfect for a wide variety of cooking, baking, and household applications. Rugged construction means our foil can stand up to even the toughest kitchen tasks and make annoying rips and tears a thing of the past! Bake cakes, cookies, and pastries, steam foods by cooking “en papillote”, line sheet pans, ovens, air fryers, and countertops for easy cleanup, serve fried foods, and appetizers in a simple and sanitary manner, or wrap sandwiches and delicate baked goods for optimum freshness. Our foil is free from BPA and heavy metals meaning it won't impart unwanted flavors or dangerous chemicals into your food.

PROGRESS PARCHMENT PAPER HOUSEHOLD ESSENTIALS

Progress Parchment Paper products are made of natural, unbleached wood pulp and are perfect for a wide variety of cooking, baking, and household applications. We use a lightweight but sturdy blend of 40gsm parchment for optimum performance in the kitchen. Our unbleached and chemical free paper will not impart unwanted flavors into food or baked goods. Meanwhile, rugged design means our parchment is heat resistant and oven safe. Use parchment paper for baking, cooking, wrapping pastries and baked goods, protecting countertops and so much more; the possibilities are nearly endless!

PROGRESS

CLING WRAP w/ SLIDE CUTTER HOUSEHOLD ESSENTIALS

Progress Cling Wrap forms a tight seal around food and containers to lock in freshness and prevent cross contamination or spills! Our food service quality cling wrap is strong and durable to prevent annoying tears. Meanwhile, our built-in slide cutter dispensing system offers customers the ultimate in hassle-free select-a-size technology. The sliding cutter system offers a three-pronged improvement over traditional serrated edge cutters: Safety – the enclosed blade system never meets the user’s fingers or hands. Convenience: straight, precise, and accurate cuts mean less hassle in the kitchen. Sustainability: best in class dispensing system prevents self-adhesion and reduces waste.

TRASH CAN LINER w/ TWIST TIE HOUSEHOLD ESSENTIALS

are an ideal solution to take care of garbage disposal needs whether you're simply in a hurry or on the go. They can be used for, but not limited to a plethora of different locations such as kitchens, bedrooms, bathrooms, offices, storage units, and cars. These trash bags come with a simple and swift twist tie design which makes them easy to use and secure. Simply take out the bag from the storage can, transfer the waste, and secure with the twist tie included in the pack. The sturdy trash bags are strong, tear-resistant, and leak-proof, making them perfect to dispose solid and liquid food waste. Our brand is synonymous with an unmatched sense of quality and durability that truly separates us from the rest of the competition.

TRASH CAN LINER w/ DRAWSTRING

HOUSEHOLD ESSENTIALS

offer an exceptionally strong hold, capable of withstanding heavy waste from all sorts of households. Our trash can liners are thick and double-seamed, designed to be extra strong with easy to use reinforcing-drawstring bands. These drawstring bands are made from an even thicker material and provide an additional hold with greater leak protection. Pull the drawstrings up and away from the bag and then knot the strings for greater security.

PROGRESS DISPOSABLE FACE MASKS PPE

launched under our PPE line of products provide superior protection for people across all industries. These masks are carefully designed to cover the mouth and nose of the wearer, helping to reduce the spread of airborne diseases. The soft, flexible ear loop design holds the mask in place, and is comfortable to wear for extended periods. Material is gentle on skin and appropriate for people of all ages. Our disposable masks are available in 3-ply and 4-ply, with each layer being specially designed for greater product efficiency. Layer 1, the colored layer is your first line of defense. Layer 2 minimizes particle dispersal for the ultimate layer of defense, and layer 3, the soft, non-abrasive inner layer makes the mask comfortable on your skin. We offer 3-ply Face Masks, 3-ply Surgical Masks, 3-ply N95, and 4-ply KN95 Respirator Masks. All Progress masks are manufactured to be superior quality for safe, healthy, and effortless breathing. They are perfect for protection in congested airports, bus terminals, malls, parks, busy streets, and other public places. Common applications include medical use and food prep. These masks are made for one time use and should be discarded thereafter. Progress Disposable Face Masks are CE certified.
